

Campus Space Targets - Updated 3/5/19

Target	Requirements / Notes
Batchelor Hall	Space to accommodate 1/4 of the building in phases over a 2 year period (through 2022)
VCSA business operations unit	Requesting 2 private offices and 5 cubicles to relocate staff. The relocation will allow Student Affairs leadership to be housed in the Vice Chancellor's suite after renovations.
NIH grant in Webber	Request to move forward with NIH construction grant submittal for the 2nd floor of Webber (SOM and BCOE collaboration)
Shared human research studies space	Anticipated by departments as core space; large conference room; hoteling desks; various sizes testing rooms; 2,500 - 3,000 total asf; waiting area; office for staff
Math growth space in Skye	Anticipate a request from Math to colocate current functions into Skye as well as accommodate growth
Math Emporium space in Skye	Currently 911 asf in Bookstore
Released space in Bookstore	Space released by the Math Emporium is anticipated to accommodate Printing from the Printing trailer. The trailer needs to be moved by May 2021 as part of the Pierce project.
Building Code and Fire Marshal colocation	The Campus Architects office is requesting space to colocate Fire / Life Safety / Code personnel.
Business in Chapman	Need to match design/function of the buildings with users. Chapman may not appropriately accommodate wet lab research as currently assigned.
Relocate Chapman, Boyden, SPI faculty	Anticipate some reassignments from MRB and/or SOMR 1st floor released space
Reuse of Olmsted (Business released space)	If Olmsted is assigned space in Chapman, it is anticipated there would be released space in Olmsted to be reassigned

On Hold

Visualization Lab (Mobasher)	500 - 1000sf but space could be shared; able to block light; prefer central, visible, welcoming space accessible all hours. Professor Mobasher has requested shared use of a general assignment classroom such as Skye 0170, however that may not be feasible.
------------------------------	--
