

Process Summary for UCR Space request (s) - Interior Assignable Space

Step 1: Identification of Need

- Requestor identifies space needs to his/her organization's leadership office (Dean, Vice Chancellor or equivalent unless redelegated)
- Leadership office verifies availability of local resources (inventory of spaces currently assigned); if resources aren't available, a space request form can be submitted
- If space requirements aren't met within an organization, individuals may send an appeal request via email to the Vice Chancellor for Planning Budget and Administration for further review. VCPBA will perform an independent review and provide a written disposition of the appeal to the requestor, the Provost, and USC.

- All requests and materials approved by the VCPB (previous step) are reviewed by the Committee at the next available monthly committee meeting.
- Stakeholders may be invited to present arguments; guidelines for presentation of space request materials are as follows:
 - Each requestor of space will be provided 5 minutes to present their request to the USC, and if there are any individuals who have opposing viewpoints they will also be allowed 5 minutes to present.
